FY 2022 Meeting Calendar

October 28: Videoconference

February 24: Videoconference

June 23: Videoconference

November 18: Videoconference

March 24: Videoconference

July 28: Videoconference

December: No Meeting

April 28: Videoconference

August 25: Videoconference

January 27: Videoconference

May 26: Videoconference

September 22: Videoconference

Upcoming Deliverables:

MDHHS Service Disposition Annual Report (Provide Copy to MSHN)

MDHHS Q3 Service Authorization Denials Report- Due to MSHN 8/1

Attendees:

MSHN: Todd Lewicki, Skye Pletcher

Bay: Karen Amon, Joelin Hahn

CEI: Shana Badgley, Gwenda Summers, Elise Magen

Central: Julie Bayardo, Renee Raushi, Angela Zywicki

Gratiot: Taylor Hirschman, Sarah Bowman

Huron: Natalie Nugent, Levi Zagorski

Lifeways: Dave Lowe, Jennifer Fitch

Montcalm: Julianna Kozara, Sally Culey, Joe Cappon

Newaygo: Annette Binnendyk, Kristen Roesler, Denise Russo-Starback

Saginaw: Erin Nostrandt, Kristie Wolbert

Shiawassee: Jennifer Tucker, Becky Caperton, Ann Swan

Right Door: Julie Dowling

Tuscola: Julie Majeske

Guests:

KEY DISCUSSION TOPICS

JOINT TOPICS

1. Welcome & Roll Call
2. Review and Approve July Minutes, Additions to Agenda
3. Addition: 1915 (I) data upload to WSA
4. Conflict-Free Access Planning Workgroup (Standing Update)
5. 988 Update
6. 2022 MDHHS Site Review Results/Service Range Response
7. 2023 MSHN DMC Documents
8. Proposed Telemedicine Policy (2223-Telemedicine)
9. High Acuity Placements Needs & Opportunities
10. State Inpatient Facilities and IDD Population Admissions

7/28/2022 Agenda Item

Action Required

| | | | | | |
|--|---|--------|-----|---------|------|
| JOINT – CFAPW | No new information provided during the 8/15 meeting; review of activity to-date from previous meetings. | | | | |
| | No Action Needed at this Time | By Who | N/A | By When | N/A |
| 988 UPDATE | MSHN received response from MDHHS regarding plan for 988 media campaign. Soft rollout occurred in July and Common Ground is focusing on adequate staffing and collaboration with local crisis responders. It is ok to share 988 information with stakeholders but please do not actively promote it at this time. MDHHS will rollout statewide media campaign in January 2023 to promote availability of 988. | | | | |
| | No Action Needed at this Time | By Who | N/A | By When | N/A |
| 2022 MDHHS Site Review Results/Service Range Response | MSHN submitted a formal response to the state to address the finding related to use of service ranges. If no response is received from MDHHS, MSHN will intend to follow the defined appeal process. How should CMHSPs address this finding in their corrective action plans? MSHN will draft a standard response that CMHSPs can use. | | | | |
| | MSHN will share any feedback received from MDHHS on this topic | By Who | N/A | By When | N/A |
| 2023 MSHN DMC Documents | Reviewed change logs for each site review tool and proposed new standards | | | | |
| | CMHSPs should review proposed changes and draft new standards internally with subject matter experts. Please provide feedback by 9/3 | By Who | All | By When | 9/3 |
| Proposed Telemedicine Policy (2223-Telemedicine) | Reviewed proposed telemedicine policy | | | | |
| | CMHSPs are encouraged to submit any feedback directly to MDHHS as indicated on the Notice of Proposed Policy. CMHA also has an active advocacy effort | By Who | All | By When | 9/20 |
| High Acuity Placement Needs & Opportunities | This document was created for regional planning to address situations with highly complex placement needs and treatment challenges. Reviewed the table identifying the need and potential opportunities. Discussed out of state special placements. Local providers struggle with hiring enough skilled staff. Advocate on behalf of DCW to raise wages and to raise training standards; higher pay for skilled workers who are trained in complex behaviors. This shortage has made it difficult to maintain persons in their own community. | | | | |

| | | | | | |
|---|--|--------|-----------------|---------|-----------|
| | Review this planning document at your CMH with leadership and get ideas/feedback to share next month. Will continue this agenda item at September meeting | By Who | CLC/UMC members | By When | Sept 2022 |
| State Inpatient Facilities and IDD Population Admissions | Dr. Mellos' recent presentation to PIHP/CMHSP Directors included information that individuals with primary I/DD will not be accepted for admission to State Hospitals because Michigan does not have any designated Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID). It is MDHHS' position that involuntary admission of I/DD individuals to state hospitals could be in violation of Olmstead Act. State Hospital Administration has worked with consumers/guardians to convert currently hospitalized individuals to voluntary admissions at this time. Recognition of significant gaps in acute/inpatient services for individuals with I/DD and/or complex behaviors that cannot be safely managed in the community. | | | | |
| | None at this time (Refer to High Acuity Placement Needs & Opportunities agenda item) | By Who | N/A | By When | N/A |
| 1915(I) Data Upload to WSA | MSHN has created a Power BI report in testing to identify potential 1915(I) recipients and then remove individuals who are already enrolled in waivers. MSHN is currently estimating approx. 6200 individuals across region. Intend to distribute lists to each CMHSP for comparison with CMHSP local data. Question about housing assistance benefit through 1915(I). Clarity needed from MDHHS regarding how this service would be used. Recent 1915(I) leads meeting shared information that described housing assistance more as case management (assistance obtaining and maintaining stable independent housing) rather than monetary assistance to obtain/maintain housing which is the current description in Medicaid Provider Manual. | | | | |
| | MSHN will seek clarification from MDHHS about the proposed 1915 (i) benefit in light of current discrepancy between 1915(i) training materials and Medicaid Provider Manual | By Who | MSHN | By When | Sept 2022 |
