

POLICIES AND PROCEDURE MANUAL

Chapter:	Service Delivery		
Title:	SUD Services - Medication Assisted Treatment Inclusion		
Policy: <input checked="" type="checkbox"/> Procedure: <input type="checkbox"/> Page: 1 of 2	Review Cycle: Biennial Author: Chief Clinical Officer SUD Medical Director Medical Director	Adopted Date: 03.06.2018 Review Date: 11.01.2022	Related Policies:

Purpose

Medication-Assisted Treatment (MAT) is a standard of care that is broadly recognized as foundational to any comprehensive approach to the national opioid addiction and overdose pandemic. MSHN seeks to ensure therefore that no MSHN client is denied access to or pressured to reject the full array of evidence-based and potentially life-saving treatment options, including MAT, that are determined to be medically necessary for the individualized needs of that client.

Policy

Following the recommendations by the Substance Abuse and Mental Health Services Administration (SAMHSA), the Centers for Disease Control and Prevention (CDC), the American Society for Addiction Medicine (ASAM), the National Institute for Drug Abuse (NIDA), the Michigan Department of Health and Human Services (MDHHS)'s Office of Recovery Oriented Systems of Care (OROSC) Treatment Policies #5 and #6, and other state and national directives, MSHN-contracted SUD treatment providers are expected to adopt a MAT-inclusive treatment philosophy in which 1) the provider demonstrates willingness to serve all eligible treatment-seeking individuals, including those who are using MAT as part of their individual recovery plan at any stage of treatment or level of care, and without precondition or pressure to adopt an accelerated tapering schedule and/or a mandated period of abstinence, 2) the provider develops policies that prohibit disparaging, delegitimizing, and/or stigmatizing of MAT either with individual clients or in the public domain.

Abstinence-Based (AB) Providers – In the interest of offering client choice, MSHN will contract with AB providers who offer written policies and procedures stating the following:

1. If a prospective client, at the point of access, expresses his/her preference for an abstinence-based treatment approach, the access worker will obtain a signed MSHN Informed Consent form that attests that the client was informed in an objective way about other treatment options and recovery pathways including MAT, and the client is choosing an abstinence-based provider from an informed perspective.
2. When a client already on MAT (or considering MAT) is seeking treatment services (counseling, case management, recovery supports, and/or transitional housing) at the point of access to an AB facility, access staff will a) be accepting towards MAT as a choice, b) will not pressure the client to make a different choice, c) will work with that client to do a “warm handoff” to another provider of the client’s choice by scheduling an appointment with the chosen provider that can provide those ancillary services while the client pursues his or her chosen recovery pathway that includes MAT, and d) will follow up with the chosen provider to ensure client admission.
3. Providers’ written policies will include language that prohibits delegitimizing, and/or stigmatizing of MAT (e.g. using either oral or written language that frames MAT as “substituting one addiction for another”) either with individual clients, written materials for distribution to clients, or in the public domain.

Applies to:

- ☒ All Mid-State Health Network Staff
- ☐ Selected MSHN Staff, as follows:
- ☒ MSHN CMHSP Participants: Policy

Definitions

AB: Abstinence-Based

ASAM: American Society for Addiction Medicine
